ARMY CANTEEN QUESTION.

Abolition of Post Exchanges Has Worked Harm to Soldiers.

WASHINGTON, Dec. 4.-General Bates, paymaster general of the army, has sent a communication to Adjutant General Corbin in regard to the army canteen question in

"The claim of the War Department recommending the restoration of the canteen to the army that during the operations of the canteen law the discipline of the army was superior, desertions much less and that there were fewer fines and forfeitures by courts-martial on account of breaches of military discipline resulting from the use of intoxicants by men in the service, appears to be borne out by the records of ne paymaster general's officers. These records show that the paymasters of the army collected from 75,000 enlisted men (regulars) during the last year in which the canteen was in force, on account of soldiers' home dues, fines and forfeitures, \$462,698, while during the fiscal year 1902, since the abolishment of the canteen about 70,000 enlisted men (regulars) on the same account \$632,125.

"The fact, therefore, appears indisputable by the figures that the fines and forfeitures imposed upon and collected from the enlisted men of the army were vastly increased during the year subsequent to the abolishment of the canteen, which increase cannot be well attributed to any other cause than the effects of an uncontrolled liquor traffic in connection with military posts, which traffic appears to seriously army.'

The Pickering Manufacturing Company, of Lowell, Mass., announced its failure last night, with liabilities of upwards of \$300,000. The company makes all grades of knitted cotton underwear. Branches are to be established in every city in New Jersey, and then the movement is expected to spread to other States.

Supreme Court Justice Wesley O. Howard, at Schenectady, N. Y., yesterday granted an injunction restraining Painters' Union No. 62, of that city, from in any way treating William Potter as not a member of the union. Potter was expelled from the union because he is a member of the

The American Society of Mechanical Engineers committee on the metric system made a report at New York yesterday which offered a resolution declaring that the metric system bill now before Congress is absurd, and that mechanical engineers are the only persons competent to decide upon a system of measurements for their own use. The resolution was laid on the table. Frank Richards read a paper on "Gift Propositions for Paying Workmen." He disclaimed sympathy with the trades unions and said the American way is to "do all you can and get paid for it all."

A dispatch from Suspension Bridge, N. Y., says that men are being brought there to take the places of a number of Michigan Central freight clerks who are said to have resigned their positions rather than give up membership in their labor union. Superintendent Morford, of St. Thomas, is at Suspension Bridge. He brought with him eight men from Detroit, but when they learned the condition of affairs they refused to stay. The Detroit clerks said that they were given to understand that there was a blockade of freight and their assistance was needed by the regular force

The property rights of the Board of Trade in their market quotations, carrying the right to prevent bucket-shops from issuing them, was more firmly established yesterday by a decision of Judge Humphrey in the United States Circuit Court, sitting at Springfield. OSBORNE ELECTED CAPTAIN.

He Succeeds Leslie as Head of the Purdue Football Team

LAFAYETTE, Ind., Dec. 4.-Irvin Selden Osborne was elected captain of the 1903 Purdue football team at a meeting of the team held to-day. Osborne played a brilliant game at quarter back during the past season, and is one of the most popular men in the university. The fight for the captaincy lay among "Joe" Knapp, Allen and Osborne, the last-named winning by a good majority. Osborne came to Purdue from Oberlin College last year, and was captain of the sophomore class team in 1901. His home is in Dover, O. Harry Leslie, captain of the past season's team, was not a candidate for re-election.

The annual football banquet will be held at the Hotel Lahr Saturday night. WASHINGTON, Dec. 4.-By direction of the President, Capt. Ira L. Reeves, United States army, at his own request, is relieved by the acting secretary of war from duty at Purdue University.

May Not Visit California.

MADISON, Wis., Dec. 4.-The Wisconsin football team probably will not be allowed to make the trip to the Pacific coast during the holidays. Such was the statement given out by Manager Kilpatrick this evening. The reason for the sudden change in the plans is the refusal of the university faculty to allow the eleven to play any other teams excepting those of the University of California and Leland Stanford, jr., University. The University of California has already gone out of training with the intention of not playing a postseason game, and the California managers wired that the only game that could be substituted would be one with the Parris Indian school.

PROBABLY INCENDIARY. Destruction of the Gaston Methodist

Church by Fire. Special to the Indianapolis Journal.

Church burned at 11 o'clock last night. It was built eight years ago at a cost of \$6,000 and was insured for \$3,000. There had been no fire about the church for three days, which gives rise to the idea of incendiary origin. The belief is strengthened by the fact that some weeks ago a saloon man assaulted Rev. George W. Martin, the pastor, on the street for his efforts against violators of the liquor laws. The fire seems to have originated in the coal sheds back of the church and was communicated to the cornice of the building, which was the only wooden part exposed, the walls being of brick and the roof of slate. The lock to the coal shed was

pried off and thrown down, and as no one can be found who did this to get to the fire the theory of incendiarism is again strengthened. The shed was of wood and built up to the church cornice. GROWTH OF LAFONTAINE.

WABASH, Ind., Dec. 4 .- The town of Lafontaine, which many years ago had a corporation charter, which was surrendered

Business men in Lafontaine are organizing a bank, with \$20,000 capital, and some of the stock has been subsribed.

LIQUOR LICENSE REFUSED.

Reduced Vote for Secretary of State Helps the Remonstrators.

Special to the Indianapolis Journal. RUSSIAVILLE, Ind., Dec. 4.-The application of Willis Wisehart for license to sell intoxicants in Russiaville failed to pass the County Commissioners. A remonstrance with 179 names was filed against the peti-

tioner, and he failed to appear. Honey Creek township temperance voters, at the late election, entered into a compact regardless of party affiliation not to vote for secretary of state so that remonstrances would require a much smaller number of names to constitute a majority, the basis being on the vote cast for secretary of state. The plan succeeded, so that only 121 names on a

remonstrance are required to defeat an applicant for license. The decision of a judge let two applicants in, which gave the township two saloons with legal authority, the first for several years to get license. These 179 names will be used hereafter to defeat all applicants for license, as power of attorney has been secured for each name and there will be

no more saloons in this vicinity. NO GAS AT DECATUR.

People Are Indignant Over the Fail-

ure of the Fuel Supply. Special to the Indianapolis Journal. DECATUR, Ind., Dec. 4.-The almost complete failure of natural gas here has caused much public indignation. Notwithstanding the fact that the local managers of the Logansport and Wabash Valley Gas Company have promised the people here a fair supply of fuel this winter, there is almost no gas. The supposition that there would be gas here this winter caused most of the people to put off securing other fuel for cold weather. At a meeting of the City Council last night a petition signed by nearly two hundred consumers and business men was presented, asking that the gas company be compelled to furnish gas in sufficient quantities for domestic consumption or forfeit its franchise. A Willshire, O., oil company, which has several good wells, has been granted a franchise to pipe this place and furnish

gas to consumers here. Closed for Lack of Fuel.

Special to the Indianapolis Journal. MUNCIE, Ind., Dec. 4 .- The No. 10 factory of the American Window Glass Company, formerly the Maring-Hart factory, was closed yesterday by a general order from Theodore E. Warrick, general inspector for the company. The failure of the natural gas supply is given as the cause for the shut down. Forty-eight shops have been at work since the start of the present fire, employing 250 men. The factory will be fitted with producer gas machinery in time to start for the next fire. A large producing station is to be erected, which will furnish gas for factories Nos. 10 and 11. The 250 men who were so unexpectedly thrown out of work will be given employment elsewhere.

OVER THE DOLLAR MARK.

Indiana Advances Three Cents with the East-Higher Price Expected.

Special to the Indianapolis Journal. MONTPELIER, Ind., Dec. 4.-Indiana oil men are feeling happy to-day on the account of the advance in oil. The price was boosted from 98 cents to \$1.01, the advance of 3 cents being the same as on Eastern oil. For a long time the producers, other oil men and farmers have been predicting dollar oil and to-day their prediction was more than fulfilled. South Lima oil is the same as Indiana, \$1.01, and North Lima is \$1.06. White House, Ky., oil is \$1.15 and Somerset and Lacey, Ky., are quoted at

Special to the Indianapolis Journal. LAFAYETTE, Ind., Dec. 4.-Townsend Reed & Co. to-day filed with the county auditor a petition for an interurban right of way through Tippecanoe county for the Indianapolis, Lebanon & Frankfort Traction Company. The new road will extend directly west from the county line to Lafayette, according to the petition. The petitioners ask that the petition be granted mmediately. Married His Former Wife.

Special to the Indianapolis Journal. ANDERSON, Ind., Dec. 4.-A marriage in this city this afternoon was somewhat out of the ordinary. About ten years ago August Wise and his wife Jennie, of this city, disagreed over a minor matter in the affairs of their home and finally separated, and were later divorced. Mr. Wise went to Indianapolis and engaged in business, where he is now engaged in the transfer line. Mrs. Wise remained in this city. A few months ago Wise began calling on his former wife, and later proposed and was accepted. The marriage to-day was in the presence of a number of old-time friends who had endeavored to bring about a reconciliation.

Special to the Indianapolis Journal. RICHMOND, Ind., Dec. 4.-New Paris, O., six miles east of here, has granted a franchise to the Dayton & Western Traction Company, which is building a line from Eaton, O., to this city. FURS WERE NOT STOLEN.

But Thoughtfulness of a Merchant Policeman Prevented Damage. The reported robbery of \$400 worth of furs

from the store of James Brosnan, Market and Illinois streets, turned out to be a thoughtful act of Merchant Policeman Thomas Moore, who saved the furs from becoming damaged. Wednesday night in Graft Bachen Supply passing the store he saw that the furs were hanging over a steam register. Moore, thinking that the excessive heat might damage the furs, entered the store and placed them in another part of the room. He left his district yesterday morning before Mr. Brosnan opened the store. When Brosnan entered he quickly detected the loss of the furs. He at once informed the police. Mr. Moore cleared up the reported robbery yesterday evening by appearing at the store shortly before 6 o'clock and
